

JAPAN THREATENS MILITARY ACTION TO FORCE DEMANDS

ACCORDING TO CABLE MESSAGE
RECEIVED BY MINISTER AT
TOKIO CHINA MUST GRANT
CONCESSIONS OR RUN RISK OF
ARMED CONFLICT.

WILL RESIST TRANSGRESSION

Government May Meet Some of the
Problems Peaceably, But Sovereign
Rights Invasion Will Be Stubbornly
Protected—Negotiations Secret Pre-
vents U. S. From Knowing Situation.

Peking, Feb. 7.—Military action to
enforce its demands upon China has
been threatened by the Japanese gov-
ernment, according to a cable message
from the Chinese minister at Tokio.
It is believed in official circles here,
however, that the communication
should not be taken too seriously.

Both public men and newspapers
are urging President Yuan Shi Kai to
let Japan seize by force what she
wishes as China would be unable to
oppose her, but refuse to grant humili-
ating concessions.

It is reported that the president in-
tends to meet some of the demands,
granting Japan such concessions as
would be given to any other country,
but stubbornly resisting any trans-
gression of China's sovereign rights.
The government is observing Japan's
requirement that secrecy be
maintained in conducting negotiations
as it is desired to give Japan every
opportunity of moderating her de-
mands without losing prestige.

Negotiations Secret.
Washington, Feb. 7.—Japan's re-
quirement that China keep secret the
negotiations now being carried on to
determine the relation of the two
countries to each other, following the
capture of Kiao Chow, prevents the
United States government from
presenting from knowing just what the
demands and discussions between Japan
and China comprehend.

Practically no information has been
received from the Japanese minister
at Tokio or from the Japanese
at Peking, giving any definite idea as
to what the demands of Japan include,
notwithstanding the fact that the ne-
gotiations have been in progress for
some time.

That the negotiations for the pres-
ent are considered by Japan as a mat-
ter solely between herself and China
until an understanding is reached on
which the United States and other
powers subsequently may be consult-
ed, is believed by officials here though
they admit their ignorance of the
purposes of either Japan or China.

The United States in a note to Japan
shortly after the latter issued her
ultimatum to Germany placed itself on
record as "expecting to be consulted,"
in any territorial changes incident to
the taking of Kiao Chow, but assur-
ances have come in London dispatches
that the question of territory is not
involved in the present discussion,
concessions and commercial advan-
tages alone being under consideration.

Battles Are Stubborn

Petrograd, Feb. 7.—Via London.—
The stubborn character of the battles
developing in the extreme south of
East Prussia is attracting the atten-
tion of the Russian general staff which
sees there indications that the Ger-
mans have withdrawn troops from the
Bzura region and massed vicinity of
Insterburg between Gumbinnen and
Tilsit.

The operations here are becoming a
new factor in the situation and lead to
the belief that the fierce attack on
Borjomo and Goumine was more in
the nature of a demonstration than a
serious effort to break through toward
Warsaw. At Borjomo the Russians
appear to be more than holding their
own, having pierced the German second
line trench between Gumbinnen and
Tilsit.

Military observers, reviewing the
entire situation declare it is satisfac-
tory on the whole although they are
not of the opinion that the crisis has
arrived.

In spite of the activity of the Ger-
mans further north, staff officials still
attach the greatest importance to the
movement in the Carpathians where
the Russian armies are opposing the
Austro-Germans, who are in tremen-
dous force on a line which forms the
arc of a circle in the vicinity of Mezo
Loborcz, 50 miles southwest of Przemy-
sl.

Further eastward there appears to
be an entirely separate army about
90 miles from Lemberg on the
Wyszkow-Nadworna line (Austria)

MASKED MEN ROB THE PALM BEACH LIMITED

West Palm Beach, Fla., Feb. 7.—
The Palm Beach limited train of the
Florida East Coast railroad, bound
from Jacksonville to Miami, was
boarded by four masked men at Stu-
art, Fla., early tonight, and the male
passengers on the observation plat-
form robbed of their money and jew-
elry. The amount obtained has not
yet been learned but it is not believed
to have been large.

No attempt was made to molest the
women. They were forced, however at
the point of revolvers to enter the car
where several of them fainted. After
completing their search of the men,
the robbers made their way through
the observation car but found that a
brakeman, who had caught sight of
them, had locked the door.

Revolvers were then leveled at him
and he was ordered to pull the bell
rope to stop the train. When it slowed
down the four men jumped to the
ground and escaped. Posses are now
searching for them.

Four men were arrested near Stuart
late tonight and are being held pend-
ing a further investigation of the hold-
up.

Loves America and Wants to Be Citizen

MME. EMMY DESTINN READING HER NATURALIZATION PAPERS.

Frederic Emmy Destinn, the famous soprano of the Metropolitan Opera
company, is today one of the happiest women in New York. Not because of
any musical achievement, but because she has received her first citizenship
papers. Her reason for taking steps to become a naturalized citizen of the
United States, according to Mme. Destinn, is that "I love America." In an-
swer to questions when she applied for the papers Frederic Destinn said she
was unmarried and thirty-six years of age. She was born in Prague, Austria.

Truth Society President Ridicules United States

Chicago, Feb. 7.—J. J. O'Leary of
New York, president of the American
Truth Society, today denounced Eng-
land, criticized America, pleaded for
Germany and ridiculed the United
States at a mass meeting of the Amer-
ican Neutrality League of which the
society purpose was the promotion of
peace.

His mention of William Jennings
Bryan brought forth hisses and Jen-
kins Lloyd Jones, pastor of All Souls
church, arose and declared he would
leave the platform unless neutrality
were preserved.

Woman Poses Seven Years as Man; Death Reveals the Secret

Chicago, Feb. 7.—For seven years
Ida Weinstein, 26 years old, lived as
Benjamin Rosenstein and posed as the
husband of Pauline Rosenstein. Today
she died and the physician and under-
taker discovered her secret.

According to the surviving member
of the strange partnership Ida had
been unable to earn a suitable living
while working as a woman in a New
York shop and therefore assumed the
disguise.

For some time she had been a cap-
able foreman in a Chicago shirt fac-
tory, but she contracted tuberculosis
and was forced to retire.
Her last request was that she be
buried as a man, but this the physician
forbade, saying her clothing must be
burned, so Pauline will furnish one of
her gowns for the burial.

Celebrating "75 Day."

Paris, Feb. 7.—Today has been called
"75 Day" for throughout France the
people are celebrating the successes
of the famous French cannon. Little
flags, medals and other insignia bear-
ing reproductions of a cannon have
been sold everywhere.

The funds collected will be used to
purchase comforts for the allied
armies fighting in France.

It is confidently expected that the
receipts today will be as large as from
the sale of flags for the benefit of the
Belgian refugees when 2,500,000 francs
(\$700,000) were collected.

Stopping Overdrafts.

Washington, Feb. 7.—Comptroller of
the Currency William H. Clegg, in a
statement tonight declaring that his
efforts to break up the practice by na-
tional banks of allowing overdrafts,
was meeting with general approval by
national banks.

Mr. Williams sent out a circular let-
ter several days ago directing board
of directors of national banks to adopt
resolutions disapproving the practice.
The comptroller said the amount of
overdrafts was gradually being re-
duced and that a much greater reduc-
tion, if not entire elimination, was pos-
sible.

Stock Yards to Open.

Chicago, Feb. 7.—The union stock
yards here will be open tomorrow for
the interstate shipment of cattle, af-
ter having been disinfected since
closed Jan. 29 on the discovery of the
foot and mouth disease.

Body of Baltimore Man Found in Dense Palmetto Thicket

Welaka, Fla., Feb. 7.—The body of
Alonso G. Gardner of Baltimore, was
found today in a dense palmetto thick-
et along the banks of Raft creek near
Georgetown, Fla. Death had been
caused by a shot in the back of the
head. He and his brother, Horace B.
Gardner of Springfield, Mass., have
been missing for three weeks.

No trace has been found of the lat-
ter but the authorities believe he also
is dead. It is thought that both men
were killed for the purpose of robbery.
The pockets of the brother found to-
day had been turned wrong side out.
Both are known to have worn valuable
jewelry and are believed to have carried
considerable money. A scarf pin was
the only jewelry found on the body found.

Search for the men was begun im-
mediately after a negro pilot returned
here alone on Jan. 22 with the yacht
which the brothers had engaged for
use on a hunting trip.
The negro shortly afterward disap-
peared.

Man of Mystery Ends His Life at Station

Little Rock, Ark., Feb. 7.—A man
who had registered at a local hotel as
G. Rolly of Cincinnati, shot and killed
himself while sitting on the steps of
a train here shortly before
midnight tonight.

He left the following note:
"Do not try to find out who I am or
why I give up my life. You never
will know. I took good care so ev-
erything will sink in the ocean of mys-
tery with me. For God's sake do not
remove the ring from my finger. Take
my suitcase at the hotel and give it to
some poor one."

The ring mentioned in the note bore
the letters "E. C."

Jeweler Robbed.

Little Rock, Feb. 7.—While P. G.
Keedy, manufacturing and wholesale
jeweler, was showing a supposedly pros-
pective customer some gems in his store
this afternoon, the man went to the
water cooler to get a drink and proffered
a glass of water. Mr. Keedy
Mr. Keedy awoke two hours later to find
drunk and awoke two hours later to find
the man and \$1000 in diamonds missing.

BELGIUM SITUATION REMAINS ACUTE AND PEOPLE MUST BE FED

FORMER CONGRESSMAN CHARLES
F. SCOTT OF KANSAS, RETURN-
ING FROM INSPECTION OF RE-
LIEF WORK, CABLES TO FORM-
ER GOVERNOR OF HIS STATE.

RESTRAINED IN HIS PALACE

No Manacles Were Used, He Declares.
But Service to Be Performed at Ant-
werp Were Denied—Tells of Ragged,
Hungry Children Begging for Food.
Message to America.

London, Feb. 7.—"The situation re-
mains acute. If the supply of food is
diminished Belgium will starve."

This message was cabled today by
former Congressman Charles F. Scott
of Kansas, who is returning from an
inspection of relief work in Belgium
and France to former Governor R.
Stubbs of Kansas.

While at Malines, Mr. Scott called
upon Cardinal Mercier. He was ac-
companied by Pessain, the printer who
was fined for printing the now famous
pastoral letter of the archbishop. De-
scribing his interview with the prelate,
Mr. Scott said:

"Cardinal Mercier lives in a fine old
place. The throne room has a big hole
in the roof and this with other holes
in the walls, to say nothing of broken
windows, tells the story of stray shells
which fell around the palace. No Ger-
man soldiers were seen on guard."

"The Cardinal obviously enjoys the
dilemma in which he has placed the
Germans. His eyes twinkled as he
told the story of his latest adventure.
At 4 o'clock one morning, said the
archbishop, a German officer and two
soldiers brought a communication from
the commander, asking him to deny
statements that he had been deprived
of his personal liberty. The denial,
which had been prepared, consisted of
four or five typewritten sheets."

"Cardinal Mercier said he requested
his callers to return in the evening
for an answer, but the officer declared
they must await a reply in the car-
dinal's room. At the archbishop's re-
quest, telephonic confirmation of this
order was received. Describing his
subsequent experiences, the cardinal
said:

"It is true no manacles were used
to restrain me, but I was to have per-
formed a service at Antwerp and was
not permitted to go there. For three
days I was restrained by my captors.
Two days later I was asked to modify
my letter and wrote another. If the
Germans are clever they will publish
my first pastoral."

The archbishop smiled as he made
the final statement. Asked if he had
any message for Americans, he said:
"Nothing except to give the people
of your great country assurances of
our gratitude. We would have starved
had it not been for you. The work of
your relief commission has been very
efficient."

"So far as I could see, Cardinal Mer-
cier was free to come and go. He
pleased, subject to the usual re-
strictions imposed upon Belgians.
Men were at work bracing the walls
of the cathedral and tearing down the
parts which must be removed. Al-
though terribly battered, it now ap-
pears that the beautiful building will
be saved. The damage to it is esti-
mated at \$200,000."

"The people in and around Malines
appeared as depressed as any I saw
in Belgium, which is saying more than
I can describe. They wander aimless-
ly through the streets where bands of
wretched, ragged children beg from
every one in sight. Elsewhere I was
struck with the courage the Belgians
show in efforts to rebuild their homes
and resume their normal life, but of
course, they are utterly dependent upon
supplies brought in by the commis-
sion."

Miners' Wives Relate Tale of Labor War

At the left, Mrs. Mary Petrucci, and, at the right, Mrs. Margaret Dominici.

On the witness stand before the federal industrial relations commission
sitting in the Metropolitan building, two coal miners' wives, Mrs. Margaret
Dominici and Mrs. Mary Petrucci, both of whom were under fire throughout
the Ludlow strike battles in Colorado last year, told their stories to the com-
mission. During the labor war three of Mrs. Petrucci's children died, the
control of death in the "black hole" at Ludlow, an excavation into which they
had gone for safety during the fight.

Governor Ferguson's Pet Measure Will be Taken Up

Austin, Tex., Feb. 7.—Senator Mc-
Gregor will call up tomorrow his bill
embodying the views of Governor Fer-
guson on the land tenant question.
This bill is substantially the same as
the Reeves-Bagby bill in the house
which has been assailed by a minority
report by Tillotson and others, who
favor the passage of the bill of Repre-
sentative Williams of McLennan in
place of that which carries into effect
the ideas of the governor. This bill
would have been called up earlier in
the senate but for the serious illness
which has prevented the presence of
Senator McGregor.

Appropriations which do not meet
the governor's cordial approval will
be called off summarily. He has let this
be known in connection with the
railroad commission to employ addi-
tional counsel and prepare data to
meet the argument of the roads when
the fight for an increase of
freight rates in Texas begins March 4.

The governor thinks this sum is not
needed now, although it may be when
the refusal to increase rates is taken
into the courts. He said he was open
to conviction, however, and if the ur-
gent need of this money could be es-
tablished he would not stand in the
way of the commission getting it.
Other appropriations that may halt
in the governor's office are the appro-
priations for three or four more nor-
mals. The governor is ready to be shown
that the normals now in operation
are inadequate for the accommodation

of those seeking to enter them, but he
frankly says he doubts they are. On
the contrary, he believes these extra
for a normal certificate will not balk
on going 200 or even 300 miles to get
to a school where they can get it.

Governor Ferguson is also getting
interested in the question of so many
new district courts being created. He
will sign the new court bill for Wichita
county, but has not yet settled upon an
appointee for the bench there.

Representatives of the insurance and
banking interests are gathering for
the hearing set Monday evening on
the Gibson bill for the repeal of the
Robertson law.

Action on the Texas Company bill
may be taken by the senate judiciary
committee Monday.

Eva Goldsmith of Houston, Senator
Townsend, Dwight Lewelling and oth-
ers addressed a meeting in the hall of
the house of representatives after af-
noon in the interest of the fifty-four
hour and the minimum wage for wo-
men bills.

There will be a hearing on these
measures before the senate committee
on labor tomorrow.

It is being confidently predicted here
that Attorney General Looney will de-
cide that the "chicken salad" items of
the deficiency appropriation for the
governor's mansion are "improper and
unauthorized." Attorney General
Looney had no comment to make on
the matter today, except to say that
he has not as yet been "officially not-
ified" that it had been referred to him.

Withdrawal of the Troops Announced

Fort Smith, Ark., Feb. 7.—Immediate
withdrawal of the four troops of Uni-
ted States cavalry from the Prairie
Creek coal mining district of the Hart-
ford Valley of Arkansas, has been re-
commended to the war department, ac-
cording to an announcement made to-
night by Major Nathaniel F. McClure,
in command of the troops.
The cavalry was ordered here early
last November from Fort Sheridan,
near Chicago, in connection with la-
bor difficulties at the properties of the
Bache-Denman Coal company.

Operations at the mines were sus-
pended a week ago, pending the sale
of the properties ordered by the Uni-
ted States district court. Negotiations
are under way for the sale of the
properties to the United Mine Workers
of America. The district board of the
union plans in the event of a co-
operative basis, will meet here tomor-
row to discuss the situation.

Dacia at Norfolk.

Norfolk, Va., Feb. 7.—The steamship
Dacia, recently changed from German
to American registry, arrived here to-
day for coal before proceeding on her
voyage from Galveston to Rotterdam
with a cargo of cotton for transship-
ment to Bremen.

The Dacia left Galveston last Sun-
day. Captain George McDonald, her
master, said today he did not know
when the Dacia would depart. Agents
of the steamer here said she probably
would leave by noon tomorrow. Sev-
eral radio messages were received to-
day for the vessel's agents.

Bankers' Cases Are Ready for Trials

Memphis, Tenn., Feb. 7.—C. Hunter
Raine, president, and Claude Anderson,
cashier of the Mercantile bank of this
city, when that institution closed its
doors Feb. 2, 1914, will be called for
trial in federal court here tomorrow on
charges of misuse of the mails. Raine
and Anderson are charged jointly on
an indictment of seven counts with
using the mails in a scheme to defraud
and conspiracy to obtain money by
false pretenses.

Indictments pending in the state
courts charge that \$1,091,000 of the
bank's funds were misappropriated.

Kansas City Has "Go to Church Day"

Kansas City, Feb. 7.—Packing house
and factory whistles in various sections
of greater Kansas City were blown at
9 o'clock this morning to remind the
people that today was "Go to church
day." It was estimated that 125,000
persons attended places of worship.
Extra street car service was main-
tained during church hours and spe-
cial services were held in almost all
churches.

Bread Price Up.

Seattle, Wash., Feb. 7.—The Seattle
Master Bakers' association today an-
nounced an advance in the price of
bread to six and ten cents respective-
ly for the small and large loaves.

GEN. VILLA ARRIVES AT IRAPUATO FOR HIS CAMPAIGN OF NORTH

MEXICO'S STRONG ARM MAN ES-
TABLISHES HIMSELF WITHIN
ONE HUNDRED MILES OF CAPITAL
AND PLANS CONQUEST OF
NORTHERN PART OF NATION.

COUNTER MOVE ON CARRANZA

Leader Will Invite Diplomatic Corps
to Come Into His Territory and Dis-
cuss Situation—Story of Break With
Garza Is Denied—The Diaz Govern-
ment.

Washington, Feb. 7.—Advices to the
Villa agency here tonight said General
Villa had arrived at Irapuato, a hun-
dred miles north of Mexico City, and
from that point was directing an ex-
tensive campaign which has for its ob-
ject the capture of Tampico and the
domination of the northern half of
Mexico.

That General Villa would invite the
diplomatic corps to come into the ter-
ritory controlled by him as a counter
move to the invitation issued by Car-
ranza for the diplomats to go to Vera
Cruz, was indicated in some of the ad-
vices reaching here. At the state de-
partment no further news of the dif-
ferences between General Carranza
and the diplomatic corps was received.

The Carranza agency issued a state-
ment giving the list of original dele-
gates to the convention at Aguas Calen-
tes, who were either dead, in hiding
or message and those who were sup-
porting the various chiefs. The
Carranza list claims that eleven now
support Villa, fifty-five are aligned
with Carranza, sixteen with Zapata,
twenty-seven are unaccounted for, the
whereabouts of eight are unknown,
four killed in battle, five assassinated,
two are in prison and one—General Je-
sus Davila Sanchez—is neutral, though
his whereabouts is not given.

Enrique Lorente, the Villa repre-
sentative tonight explained that the
military campaign of General Villa
had advanced along the three principal
railroads in the central part of Mexico,
to within a few miles of the border
towns of Piedras Negras, Nuevo Lare-
do and Matamoros. In each case the
Villa troops are threatening the Car-
ranza garrisons, he said. He added
that General Angeles had the com-
mand of Monterrey, Matamoros, Ballito
and San Luis Potosi and that the ad-
vance on Tampico was progressing rap-
idly.

Representatives to the convention
are demanding that a correction of
reports sent out from here that it was
contemplated to introduce resolutions
asking President Wilson to intervene
in Mexico. The leaders are demanding
to know the names of any delegates
who even proposed such a step. The
convention was open and discussions
were free, but no reference was made
to intervention in any form.

Chairman Gamboa, of the permanent
committee to select sub-committees
in this and other countries, refuses to
give out the names of the sub-com-
mittees or of any appointing. He says the
matter is too delicate to make their
names known at present.

No Villa-Garza Rupture.

El Paso, Texas, Feb. 7.—Reports of
a rupture between Roque Gonzalez
and General Villa were denied today by
arrivals from Mexico City. Villas
chief reason for assuming the execu-
tive power, it was said, was the lack
of communication with the conven-
tion forces.

Garza is said to have left the cap-
ital at his own volition with the Za-
pata troops and is at Cuernavaca.
Miguel Diaz Lombardo, named by
Villa as his foreign relations secretary
when the northern chieftain assumed
power of the provisional presidency,
arrived today at Chihuahua city. His
trip north, it was said, was to get bet-
ter telegraphic communication with
Enrique C. Lorente, the Villa agent
at Washington.

Relief Stations Established.

Mexico City, Feb. 7.—General Obregon
announced today that relief sta-
tions will be established throughout
the city tomorrow at which money and
supplies will be distributed among the
poor.

Nullification of bills issued by Gen-
eral Villa has caused wide distress
among the lower classes.
The shortage of water has become
serious and General Obregon dispat-
ched.

SAYS GAMBLING THE CAUSE OF BIG PRICE

Washington, Feb. 7.—President Wil-
son received a telegram from
John J. Dillon, commissioner of foods
and markets of New York, asking that
he recommend to congress the enact-
ment of a law prohibiting "gambling"
in wheat and other food products.
Speculation in future deliveries of
grain, Mr. Dillon said, had caused re-
cent increases in the price of flour,
which would soon result in the price
of bread being raised.

The department of justice under the
direction of the president already is
seeking to find whether any illegal
combinations are responsible for in-
creases in food prices.

STATE NEWS

White Man's Primary.

Temple, Texas, Feb. 7.—Somewhat of a surprise was created today by a public request made of the executive committee of the white man's party that the votes cast in the primary for city offices on February 2, be canvassed at a joint session of the committee and the city council at the latter's regular meeting, Tuesday, February 9. The request comes from City Attorney J. E. Daniels, who, on the face of the returns, was defeated for re-nomination by a majority of eighteen votes by Nick P. Woodward in the primary. Governor Ferguson, Secretary of State McKay and other Temple members of the state administration, returned home election day to work and vote for Mr. Woodward. In his communication, Mr. Daniels alleges that provisions of the election law were not complied with in that judges of election were not furnished with the list of poll tax payers, hence could not know who were qualified to vote. Also, that his request and that of other candidates for appointment of election supervisors was denied by the committee. Mr. Daniels further states that he has reason to believe that persons not qualified to vote participated in the primary. The executive committee of the white man's party will hold a meeting February 8, at which time no doubt the matter will be given consideration.

New Santa Fe Through Train.

Temple, Texas, Feb. 7.—The long cherished ambition of this city to become a gateway to the west was brought many steps nearer fulfillment today with the establishment of through passenger service on the Santa Fe railway between New Orleans and the Coleman-Texico cutoff. The new trains were placed in service, known officially on the time card as Trains Nos. 79 and 80, but in railway nomenclature, the former will be styled the California Special, west bound and the latter the Texan, east bound. Temple is the starting point of both trains, the service from Houston to this place being performed by regular trains Nos. 5 and 6. From Temple to Sweetwater will be one passenger division and three train and engine crews are necessary for operation of same. Between Temple and Coleman the trains stop only at county seats. Between Temple and Los Angeles the running time is carded as fifty hours flat, with an average speed of thirty-three miles per hour, making them the fastest trains on the Santa Fe railroad in Texas. A large number of citizens assembled at the passenger terminal today to witness the departure of the first west bound train, which was in charge of Conductor M. H. Donnelly with Engineer C. S. Tirado in the cab.

News Notes From West.

West, Texas, Feb. 7.—Thursday the Mothers' club gave an open meeting and rendered a specially prepared program. The club has mapped out a study course for this year along the lines of child training. The infant child of Mr. and Mrs. Frank Bushy died Sunday morning after a brief illness of membranous croup. Last Sunday evening, Mr. Bart Ring and Miss Bettie Zapala were quietly

LOOK AT CHILD'S
TONGUE IF SICK,
CROSS, FEVERISH

WHEN CONSTIPATED OR BILIOUS
GIVE "CALIFORNIA SYRUP
OF FIGS."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of California Syrup of Figs. and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," and they love its delicious taste, and it always makes them feel splendid. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

SHIP PURCHASE BILL REMAINS UNCERTAIN

WITH BUT 21 DAYS MORE OF
63RD CONGRESS OUTCOME
A GUESS.

IN HANDS OF THE LEADER.

Republicans, However, Propose Fight
on Measure as Long as
Possible.

Washington, Feb. 7.—With twenty-one working days left in the life of the sixty-third congress, the fate of the government ship purchase bill, which is obstructing progress in the senate still remains uncertain. Whether it will be held before the senate until passed or the gavel signals the end of the session on March 4 to the exclusion of appropriation bills must be determined by the president and administration leaders. Some definite understanding on this point probably will be reached within a few days. In fact, it is likely that the president will discuss the situation tomorrow with senators who have been standing valiantly for the bill through the last week of party rebellion. It is admitted that the republican senators propose to fight the bill with all their oratorical resources as long as it is kept the unfinished business. Suggestions that they might eventually yield in order to take up appropriation bills and let the measure come to a vote, are emphatically denied by the majority leaders.

The democratic champions of the bill admit that the situation is a desperate one from a legislative standpoint. They look for no quarter and realize that insistence upon keeping the bill before the senate may mean the failure of the great ship purchase bill. This would make an extra session of congress inevitable.

If it is determined that an effort should be made to pass the appropriation bills and thus avoid necessity for the extra session, the ship purchase bill, in the opinion of some of its staunchest friends, must be withdrawn. Even then there may not be time to pass all the great supply measures which the house is turning out. For there are fights ahead of the naval and military bills and the rivers and harbor bill is certain to provoke attack.

Whatever is decided as the program for the rest of the session, the immediate situation is the pending motion of Senator Clarke of Arkansas to recommit the ship purchase bill without instructions.

Since the democratic revolt the administration forces can not rally votes enough to defeat this motion, but there is a strong probability that they will let the motion reach a vote tomorrow. Senator Newlands, one of the only two absent senators, is expected to reach Washington tomorrow, and the roll call on the Clarke motion, if taken, is expected to show forty-eight votes in its favor to forty-seven against it with Senator Smith of South Carolina, democrat, absent.

In the event of this result, the administration leaders plan to adjourn the senate tomorrow night until Tuesday in order to make a new legislative day, upon which a motion by Senator Gore to discharge the commerce committee from consideration of a substitute ship purchase bill introduced by him last week may be called up. This motion will be debatable and will operate to force the republicans to fight it. They may talk on this motion until March 4 if they choose, or let it come to a vote.

With the aid of progressive republicans, the administration forces are confident they can carry the Gore motion. This would result in bringing the sub-bill back to the senate and forcing the opposition to resume its defensive fight.

Should there be a decision to lay the bill aside, the appropriation committee of the senate will resume its action on many of the supply bills and those still under consideration are to be stripped of general legislative features that might provoke serious attack. Even the republican leaders have declared that most of the appropriation bills can be taken care of before adjournment if the ship bill is removed from the legislative way. The house met to eulogize the late Representative Sereno E. Payne and Edwin A. Merritt of New York. Speaker Clark, Minority Leader Mann and members of the New York delegation paid tribute to both. Speaker Clark referred to Mr. Payne as one of the greatest of congressmen, who knew more about the tariff than any man in America.

Manager T. W. Miller
of Graham-Jarrell Is
Back From New York

In preparation for a good business this spring which he confidently expects, T. W. Miller, vice president and general manager for the Graham-Jarrell company, has purchased big stocks for all departments of the popular Waco store. Mr. Miller has just returned from a ten days' trip to New York and says that he found everybody optimistic in the metropolis.

The styles this season, he says, are very pretty and mark a radical change from those in vogue at present. He bought heavily of many lines so that the people of Waco can have full advantage of the very latest quips and turns of Dame Fashion. Mr. Miller struck some real cold weather during his eastern trip and said that the snow storm, which raged for several days while he was in New York, made him think even more than ever of Texas, where cold weather only comes now and then. Traffic was almost tied up completely on one or two days while he was in New York.

Advertisements of "Bundle Day" in the Gotham papers were something out of the ordinary this morning. There are thousands of men out of work in New York and "Bundle Day" was named on which people were requested to look in their closets, dig out their old clothing, bundle them up and send them in for the use of those in need. Headquarters have been established for this work, he said, and people can either send their bundles in or stick an American flag in the window and a wagon will call for them. The large stores are co-operating by lending the use of their delivery wagons, the newspapers are printing the advertisements free and some of the wealthiest women in New York are at the head of the movement.

Pastors of City
Meet This Morning

Wm. Lambdin, secretary of the United Charities, and possibly members of the board, will appear before the Pastors' association this morning at the Y. M. C. A. for the purpose of asking better co-operation in the work of the United Charities.

The United Charities desire that their organization be allowed to make investigations of cases of charity which the churches help, and also may ask for financial support from the churches.

Several matters pertaining to the Anti-Saloon league convention, which is to be held in Waco Tuesday and Wednesday, are to be discussed. A committee from the Federated Women's Missionary societies has planned to appear before the movement to keep liquor exhibits from the Cotton Palace. The Cotton Palace directors have taken action on the matter since the movement was started by the women, deciding to not allow any distribution of such samples or circulars in the future.

Rev. D. A. McGuire, president of the Pastors' association, stated last night that the session this morning will be a busy one and that he was anxious that every member be present. It will begin at 11 o'clock.

I was told of an insane asylum with 200 or 300 inmates which was in the line of German fire. The Belgian priests, nuns and nurses determined to take their charges to a place of safety. The lunatics, cowed and shocked into a condition of apparent sanity, marched out under a fire of bullets and shrapnel with the steadiness of trained soldiers.

"When you have seen Vice with its population of 7,500 now reduced to 100 old families existing in its almost total ruins; when you have seen once beautiful Dinant now just a heap of jumbled debris; when you see an old woman with a spade trying to till a five acre field; when you see for miles only women working in the fields, then you begin to realize what war is."

"With a German general I motored through a large section of France now occupied by the Germans. Every foot of which has been fought over. We drove for miles through thousands of acres of partly harvested wheat. What had been left was trampled under the feet of two army corps. Almost within the sound of firing the Germans have a thousand or more of their own soldiers at work with gang ploughs,

Experience She Had
With Various
Preparations.

Selecting at random from a mass of written testimonials is the following statement from Mrs. M. Callahan, who lives at No. 207 Kearns Street, Pittsburg, and whose husband is a trusted employee of the McAdoo Express Co. She stated:

"My trouble, so I had been informed, was catarrh of the stomach. At times I would suffer from awful cramps and my stomach pained me all the time. I could hardly stand the pain. I was dizzy headed and at times felt as though I was about to fall over backwards. I had no appetite and what little food I did eat caused me to vomit. I was skeptical of all medicine and did not have any faith in Plant Juice helping me, but since using five bottles I can eat anything and my food agrees with me. In fact, I am in such good health that I feel it my duty to let others know that Plant Juice has made me like a new woman. My little daughter is now using Plant Juice also, and even the neighbors speak of her improved appearance. She formerly was sick all the time, but now she is the very picture of health."

Plant Juice is sold in Waco at Dr. W. B. Morrison's Old Corner Drug Store.

"Throughout this region the Germans have been giving the inhabitants enough bread to keep them alive but they told me they could not possibly continue this work for it would be physically impossible as soon as active operations are recommenced. Throughout my trip I saw enough to convince me the Germans are treating the commission with perfect fairness, helping out with absolute good faith.

To Eliminate Draft. Chicago, Feb. 7.—The American association still expects that the draft will be eliminated and that it will become practically a major league, so far as its relations with other circuits are concerned, according to President Chivington, who returned tonight from Cincinnati, where he attended a meeting of the national commission yesterday. Action is not expected until after Judge Landis makes a decision in the Federal league anti-trust suit. The question of territory is still to be settled, depending partly on the situation at St. Paul, the future of whose club is undetermined.

IT DOESN'T Pay to Deal With
Substituting Dealers

Let us hope the time is near at hand when all dealers will realize that they will best serve their own interests by always giving customers the articles asked for.

Thoughtful dealers have long since discovered the fallacy of boosting "Just as Goods." They recognize the modern idea; the efficiency selling plan these days is selling customers what they ask for.

Thoughtless dealers may continue to push "Just as Goods" because they make a few cents more profit from their sale, but it will not be long before they will discover their reputation has been injured to such an extent that their best customers are buying "elsewhere."

After all, there are only two types of retail merchants—those who do and those who do not substitute. To test which type is more popular, let those who favor substitution put a sign on their show windows to read: "We Substitute Here." Those who are opposed to substitution put this sign in their window: "You Get What You Ask for Here." Which merchant do you think will secure and hold the confidence of the public? The public will quickly decide.

SUBJECT OF LIFE AT CHRISTIAN CHURCH AT Y. M. C. A. MEETING

At the North Waco Christian church yesterday morning the minister, E. Lynwood Crystal, spoke on "The Christian Life and Its Encouragements." He took as his text, Hebrews 12:1-2:

"Here the life of the Christian is viewed with a seriousness that gives weighty emphasis to its importance and its value," he said.

"In the first place the figure under which it is considered marks it as a life of which positive and continuing activity is an essential characteristic. While freedom from active vice and positive iniquity may be truly predicated of the Christian, his claim to the character can only rest on the higher merit of active virtue. In as much as action is a necessary mark of life, the character of deeds must determine the merit of the man. He who boasts of only passive and negative virtues boasts in vain, for if these be his only virtues they are certain to be quickly lost."

"Moreover, it is here distinctly evident that the character as contemplated and required is not an achievement that may be attained once for all. Patient pursuit of the divine ideal as the runner strives to make the goal reveals the progressive character of the great undertaking."

"And further still, this life appeals to the sterner qualities in man as engaging all his powers. 'Let us lay aside every weight and the sin that doth so easily beset us' is a clarion call to the heroic. Renunciation, sacrifice, abnegation. Here is the trying fire in which the pure gold of character is refined. Difficult? Yes! But glorious! The subject of much speculation in the crucial moments have given men to fame. The exercise of these same qualities in the name of the Christ assumes the crown of eternal glory."

"But who is sufficient unto this great task? And how may we attain unto its height? As if in anticipation of these questions the apostle appeals to the long list of heroes enumerated in Hebrews 11 to testify to the power of faith in the accomplishing this stupendous task. And besides all this—'Looking unto Jesus, the author and perfecter of our faith, who hath sat down at the right hand of the throne of God.'"

"Yes, the Christian life is the greatest undertaking that ever engaged the energies of man, but it has the greatest encouragement in the assurance of success in the strength of Him who conquers every foe."

7-DAYS CAMPAIGN AT HERRING CHURCH

EDUCATIONAL SERVICES ALONG MISSIONARY LINES HELD EVERY NIGHT.

TEXT FROM MATTHEW 13-33

Pastor R. F. Brown Preaches on "Parables" to Large Congregation Sunday.

Educational services along missionary lines were held every night last week at the Herring avenue Methodist church. The climax to the seven days' campaign came yesterday morning when the pastor, Rev. R. F. Brown, preached to a congregation that filled the church on the true meaning of the missionary movement.

He took his text from Matthew 13:35, "Another parable spake he unto them: The kingdom of heaven is like unto leaven, which a woman took, and hid in three measures of meal, till the whole was leavened."

The first thought he advanced was that the human race was in a fallen condition and needed something to enlighten it. When Christ was sent into the world, like leaven in the meal, He said that the Lord wanted His disciples to know that although humanity was dead in sin that there was a leaven waiting to be used by them in restoring the world to righteousness.

Christ's religion did not originate with men, he declared, although it has worked such a great leavening in the race. Most religions, being earthly products, have failed utterly in bringing what was needed. He spoke of Buddhism, Brahminism, Mohammedanism and other religions and said that while they might have some effect on the masses, that more was required for salvation; that it required more than mere thought to change the nature of man.

The process of leavening, while it originated with God, he said, was carried on through human agencies. That it was a woman who took the leaven might suggest the thought that Christ's using the woman in His parable was not without significance. He spoke of the work the women had done and complimented them on the way in which they had helped evangelize the world.

"Jesus placed a great honor on mankind," he said, "in not only assuming man's form but that through man His work is going on. Jesus saves us that we can save others. The leaven possesses the property of assimilation. So it is with the leaven of Christianity. It makes men Christlike and they become assimilated with him."

"Man changes in mind and heart. He changes his mode of doing business. The character of his art is changed and his music becomes a mode of praising God. All things shall be brought under the subjection of Christ. 'Till the whole is leavened.' That the last thought he brought out, 'There is a positive assurance of success through the gospel in this, he claimed. He called attention to the fact that the religion of Christ had already been carried to the uttermost ends of the earth and said that the statement was truly prophetic."

TEXAS DEATHS.

Mrs. Lee Autry of Hico Dies Here. Mrs. Lee Autry, age 44, died last night at 625 at the Children's Emergency home, on North Seventh street. Mrs. Autry lived at Hico with her husband and family, but fear that she would communicate tuberculosis, from which she was suffering, to them, caused her to come here. She was a member of the Catholic church and the last rites were administered to her yesterday afternoon. The body will be shipped to Hico this morning by the L. C. Puckett undertaking establishment. Interment will be made there at 3 o'clock.

She is survived by her husband and son, Byron, of Hico, a sister, Mrs. M. E. Byars, of Waco, and two brothers, Monroe Chancellor of Greenville, and William Parks Chancellor of Gainesville.

AD CLUB ATTRACTION TO BE MR. SHERWOOD

LITTLE ROCK MAN WRITES THAT HE IS COMING TO WACO.

MR. WALDO IS EN ROUTE

New York Publicity Expert Writes That He Has Left for Texas Meet.

Another attraction has been added to the program for the state Ad Club convention, to be held in Waco Tuesday and Wednesday. Warren Sherwood of Little Rock, Ark., will attend the convention, according to a letter received yesterday by W. V. Crawford, state secretary-treasurer from Gus W. Thomason of Dallas, president of the Associated Ad Clubs of Texas.

Mr. Sherwood who is connected with the Co-operative Advertising agency, of Little Rock, will deliver an address during the convention on "Co-operation in Advertising." He is considered one of the strongest men in advertising in the south.

With the placing of Mr. Sherwood's name on the program, three out of state speakers are assured. Richard H. Waldo of New York, who is to be the principal speaker, has wired that he is on his way to Waco. C. N. Achison of Atlanta will speak on "Out-Door Advertising."

Mr. Waldo also will speak at the combined meeting of the Ad clubs, the Waco Y. M. B. L. and the Waco Manufacturers' Association, which is to be held Tuesday night at the Y. M. B. L. A lunch will be served of Waco-made products. This will be one of the features of the convention. This will be also the regular monthly meeting of the Y. M. B. L.

Wednesday night banquet for the delegates will be held at the Higgins hotel. The banquet will be served by the Waco Times-Herald, the Waco Tribune and the Waco Morning News. J. Friedlander will be toastmaster.

While all is not yet in readiness for the opening of the "Slide Show" to the Ad man's convention, J. W. Carlin, chairman of the exhibit committee last night, announced that his part of the big meeting is rapidly taking shape.

"We have already received some unique exhibits," said Mr. Carlin, "as well as many that will be of great educational value to advertisers. Especially has Dallas sent us a good display. I regret to say, however, that our Waco advertisers and manufacturers have not come forward with exhibits as well as have those of other cities."

The basement of the Waco hotel is being used for the exhibits, many of which have been placed. E. J. Hardy of the Dallas News was in charge of the arranging of the Dallas exhibits, which were sent by the newspapers and various advertisers there, and arranged attractively, as a whole. Every exhibit used in the display was made in Dallas, except several newspapers from foreign countries.

Features of the display are original drawings by John Knott, staff artist of the Dallas News, all of which have been used. Original drawings for posters, street car advertising and other lithographic work shown. Copy and proofs of a number of big ads are in the Dallas display.

Department store advertisements from foreign countries, Ben Day cuts, which bring out the patterns of dress goods and wearing apparel are shown, also stiffer work. Several copies of the "O. K'd Copy," the monthly publication of the Dallas Ad Club, also several costly hand drawn full page ads are shown. The originals in this unique work were sent.

The copy, first and second proofs, and the finished ads of several nationally advertised products, which already have appeared in some of the largest magazines in the country are on display.

The state association has a display of clippings from newspapers, editorials, news items and ads which refer to "Truth" Sunday, March 8, 1914. The day was observed by advertisers all over the state, for the purpose of advancing truth in advertising. Over 150 newspapers mentioned the day.

The Beaumont Enterprise sent a copy of the ad for the Fisher Company's department store there, which appeared in the Enterprise and took first prize in the international contest for clothing ads.

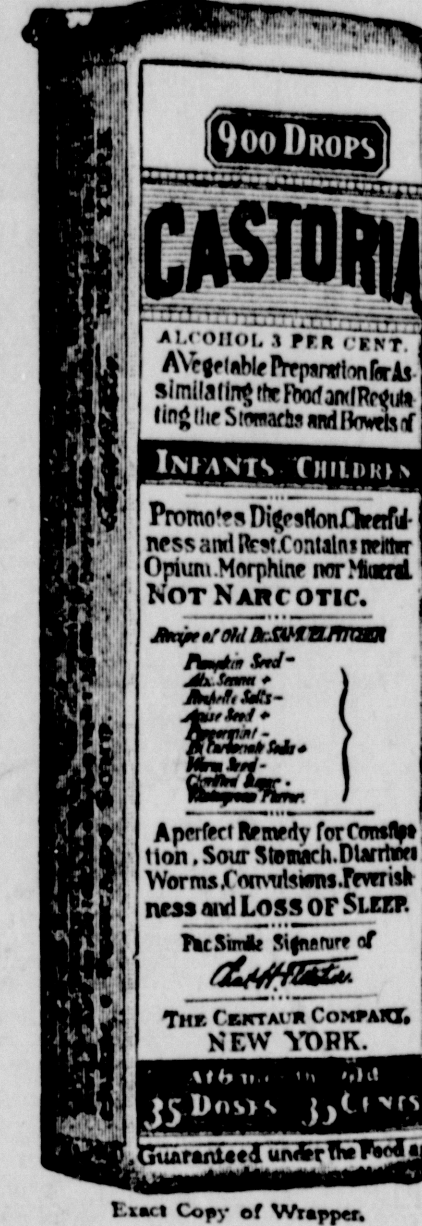

A copy of the Waco Register, of the date of Nov. 24, 1914 is on display. Round volumes of the Waco Artesia, a Sunday paper formerly printed in Waco will be shown. A copy of the Marshall News of 1879 is shown.

Copies of "The Pilgrim Publicity," of the society and J. Milano secretary.

The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed counterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria to be a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburgh, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hees & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Voegell Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our three stores and that it gives universal satisfaction to our trade."

Folk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

P. A. Caplan, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unceasing sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years; when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."

Will Make Protest Against Sending of Printing Abroad

A committee from the Allied Printing Trades Council is scheduled to appear before the county commissioners' court today and protest against the awarding of county printing to firms outside of Waco.

At a meeting of the local typographical union yesterday afternoon, a committee, consisting of J. B. Dismukes, J. A. Johnson and J. C. Hill was appointed to gather statistics as to the amount of capital invested in the printing business in Waco, the aggregate payrolls and other items pertaining to that matter.

The revised constitution and by-laws were put on first reading and laid over for thirty days.

J. C. Hill was selected delegate to the state federation of labor and instructed to support the candidacy of John R. Spencer, who would be secretary of that organization.

Division of Poland.

The ancient kingdom of Poland, which is not the scene of such desperate fighting between the Russians and the Austro-Germans, has undergone three partitions at the hands of the same powers now battling upon Poland. The first partition of Poland was actively commenced 142 years ago, under the terms of a compact between Frederick the Great, of Prussia, in which Austria was invited to take part. About one-third of Poland was involved in this seizure. The second partition in 1793 and the third in 1795 practically completed the dismemberment of the ancient kingdom, and after the congress of Vienna a century ago, nothing was left of Poland but a memory. Before the first partition the kingdom stretched from the Carpathians to the Baltic, a distance of 600 miles, and it is to these original lines the czar of Russia has promised to restore Poland upon the conclusion of the present great war.

Things of Today.

Washington, Feb. 7.—Telegrams were made public tonight by Secretary McAdoo from the customs collectors of New York, Baltimore and Norfolk telling of great congestion of freight at those ports and, in case of lack of ocean going transportation.

The New York and Baltimore collectors reported special congestion in Britain.

Collector Hamilton from Norfolk reported that there was much congestion of merchandise consigned to both coastwise and foreign destinations at that port. His report follows in part:

"There are in warehouses and under shed at Norfolk at the present time 85,556 bales of cotton valued in Germany at \$5,476,160. There is great congestion in warehouses, under shed and on cars of general export merchandise freight consisting principally of tobacco, lumber, flour, cotton seed oil, etc.

"The congestion has become so great that in some instances foreign lines through sending out more general cargo ships within an immediate week for Glasgow, Liverpool and London than for any combined period of three months, have been compelled to refuse offered shipments.

"There is a great and serious interruption to export coal business on Hampton Roads by reason of the fact that ships are not available. This being especially true in the case of export coal business to Mediterranean, South America and ports on the west coast of Africa. Freight rates out of Hampton Roads on coal to South American ports have lately been quoted as high as several dollars per ton on coal valued at \$2.75 per ton, making shipments absolutely prohibitive and destroying business."

JAPAN THREATENS MILITARY ACTION TO FORCE DEMANDS

Hungary). The purpose of the latter force appears to be an effort to pierce the Russian line east of Lemberg and menace the forces about Warsaw in the rear.

The Russians are aware of this possibility, however, and recently rushed several corps toward this point. On practically all the Carpathian front the Russians have succeeded in checking their antagonists but the Austro-Germans are still undefeated. The Germans with their usual mobility suddenly appear at various points and then as suddenly disappear.

According to a Russian staff officer the Germans are used "like cement to hold together detached corps of Austro-Hungarians."

British Driven Back.

Constantinople, Feb. 7.—A statement issued today by the government says:

"Our vanguards arrived in the region east of the Suez canal and drove back the British outposts against the canal. A battle took place around Ismailia and El Kantara and are still proceeding."

Prisoners Will Work Farms.

Amsterdam, via London, Feb. 7.—Prisoners of war in Germany will be used to carry on agricultural work under a decision of the military authorities, according to the telegraph. The men must be lodged and fed by those for whom they work and will receive a stipend of 25 cents a day.

The authorities are said to have urged farmers to take advantage of this opportunity as the economic welfare of the country is dependent upon the production of large crops.

SUMMARY OF WAR NEWS.

Engagements of a minor nature in the western war zone and a continuation of the extended battles in Poland and the Carpathians comprise the meagre news contained in the official statements regarding the conditions at various battle fronts.

Emperor William has visited a company of the Silesian Landwehr, while the Russian emperor is also engaged in encouraging his troops by his presence in the field.

Vienna reports the retreat of the Russians in Kukuwina where the Austrians have succeeded in taking 1,200 prisoners and occupying Kimpolung on the south.

Dardanelles forts, according to information from Athens, have been bombarded by the allied British and French warships. The ammunition depots are said to have been set on fire.

The foreign office in a statement bearing on the flying of the American flag by the Cunard liner Lusitania, although it does not mention this incident, declares that the use of a neutral flag is within certain limitations well established in practice. The British government maintains that as it is not objected to foreign merchant vessels using the British flag as a ruse for evading capture at sea, as the hands of a belligerent, a British merchant vessel is entitled to assume neutral colors for a similar purpose.

The Turkish authorities in Hodeida, Arabia, have saluted the flag over the Italian consulate and thereby ended the incident caused by the removal of the British consul from the consulate.

The Montenegrin consul general in London reports that complete anarchy reigns in Albania. He states that Albanian bands are murdering and pillaging Montenegrin subjects and that all merchandise along the river Boyana is confiscated and held for enormous ransom.

Spain has sent to the United States two representatives to purchase arms and soon also will buy several aeroplanes here.

The German vice chancellor informs the Associated Press that Germany will not use for the army or German administration any grain imported from the United States.

The Chinese minister at Tokio reports to Peking that Japan has threatened military action to enforce its demands upon China. The Chinese president, it is said, will grant some of the demands but will resist transgression of China's sovereign rights.

Grand Admiral von Kestner, president of the German navy league, addressing the students at Kiel University, intimated that the German navy had no intention of giving battle force to the allied fleets. "Our fleet must protect us under all conditions," said the admiral, "and we may accept battle only when it can reckon on victory."

mittees have undertaken to furnish relief for the civil population of those parts of Russian Poland occupied by the Germans. The relief plans contemplate extensive collection of funds for the purchase of grain. The cost of administration, the announcement states, will be borne by the Rockefeller foundation.

The American and Spanish ambassadors at Berlin and Vienna are members of the committee.

No Food Speculation.

Warsaw, via London, Feb. 7.—Military orders have been issued prohibiting speculation in food or other necessities of life under penalty of court martial. Since this regulation went into effect artificially advanced prices have fallen 25 per cent.

French Trench Taken.

Berlin, Feb. 7, by wireless to London.—An official statement regarding the progress of the war issued here today says:

"Southeast of Ypres we have taken a French trench and two English machine guns.

"South of the canal La Bassée the enemy penetrated one of our trenches. The battle is still raging there.

"There were no other incidents of importance in either theater except artillery battles."

Quiet in Belgium.

Paris, Feb. 7.—The war office gave out the following statement this evening regarding the progress of the war:

"In Belgium the day of February 6 was quiet. Between the canal and the road from Bethune to La Bassée, a kilometer east of Cunchy, a brick yard where the enemy had maintained a position up to this time, was taken by the English.

"In the section of Arras to the north of Bourle, the German batteries have been silenced. The trench captured by us on February 4, but there has been no infantry attack.

"From Arras to Rheims there have been several small fights in which we have had the advantage.

"In Champagne we have repulsed an attack by half a battalion of the north of Meuse.

"From the Argonne to the Vosges artillery combats have been handicapped in the mountain region by a thick fog."

Destroys Portrait, Gets 2 Years.

Amsterdam, Feb. 7, via London.—Hannover newspapers received here state that a French war prisoner named Lesuyer had been condemned to two years imprisonment following his conviction on a charge that he committed a crime against the sovereign by destroying the eyes in a portrait of Emperor William.

Paris Says Enemy Repulsed.

Paris, Feb. 7.—The following official communication was issued by the war office this evening:

"In the night of February 6-7 the enemy delivered in the region of Neupont minor attacks, all of which were repulsed.

"There is nothing to report concerning the operations of Feb. 7 except the bombardment of the district to the north of Soissons."

Turkish Ports Bombaraded.

London, Feb. 7.—Four torpedo boats of the allies have bombarded the Turkish forts in the Dardanelles, according to an Athens dispatch to the Exchange Telegraph company. One hundred and seventy-four shells were discharged and two ammunition depots were set on fire.

Austrian Attacks Resumed.

Paris, Feb. 7.—Resumption of Austrian attacks on all Montenegrin positions along the Drina, in the Dardanelles, the mountains near Dorado are reported in a dispatch to the Havas agency from Belgrade. It is said that the Austrian fire, silenced by the Montenegrin artillery.

Three Austrian aeroplanes flew over Antivari, the dispatch states, dropping many bombs which did considerable damage to buildings but resulted in no deaths, although one person was wounded. The aircraft was driven off by anti-aircraft fire and flew in the direction of Cattaro.

Berlin Regulates Bread.

Berlin, via London, Feb. 7.—The federal council has adopted a regulation giving municipalities power to require all residents to make known the amount of flour in their possession under 100 kilograms (220 pounds) and to expatriate all amounts over 25 kilograms in the possession of individuals.

"Uniform bread has been ordered for the kingdom of Prussia and the orders have been issued that no pastry may be baked in which rye or wheat flour is used.

Cards entitling the holder to bread will be issued in Greater Berlin. Cards will be sent to the heads of households in a quantity corresponding to the number of persons in the family. Bread may be purchased anywhere in the greater city upon presentation of these cards.

Situation in Poland.

Vienna, Feb. 7.—Via London, Feb. 7, 122 a m.—The following official statement was issued this afternoon:

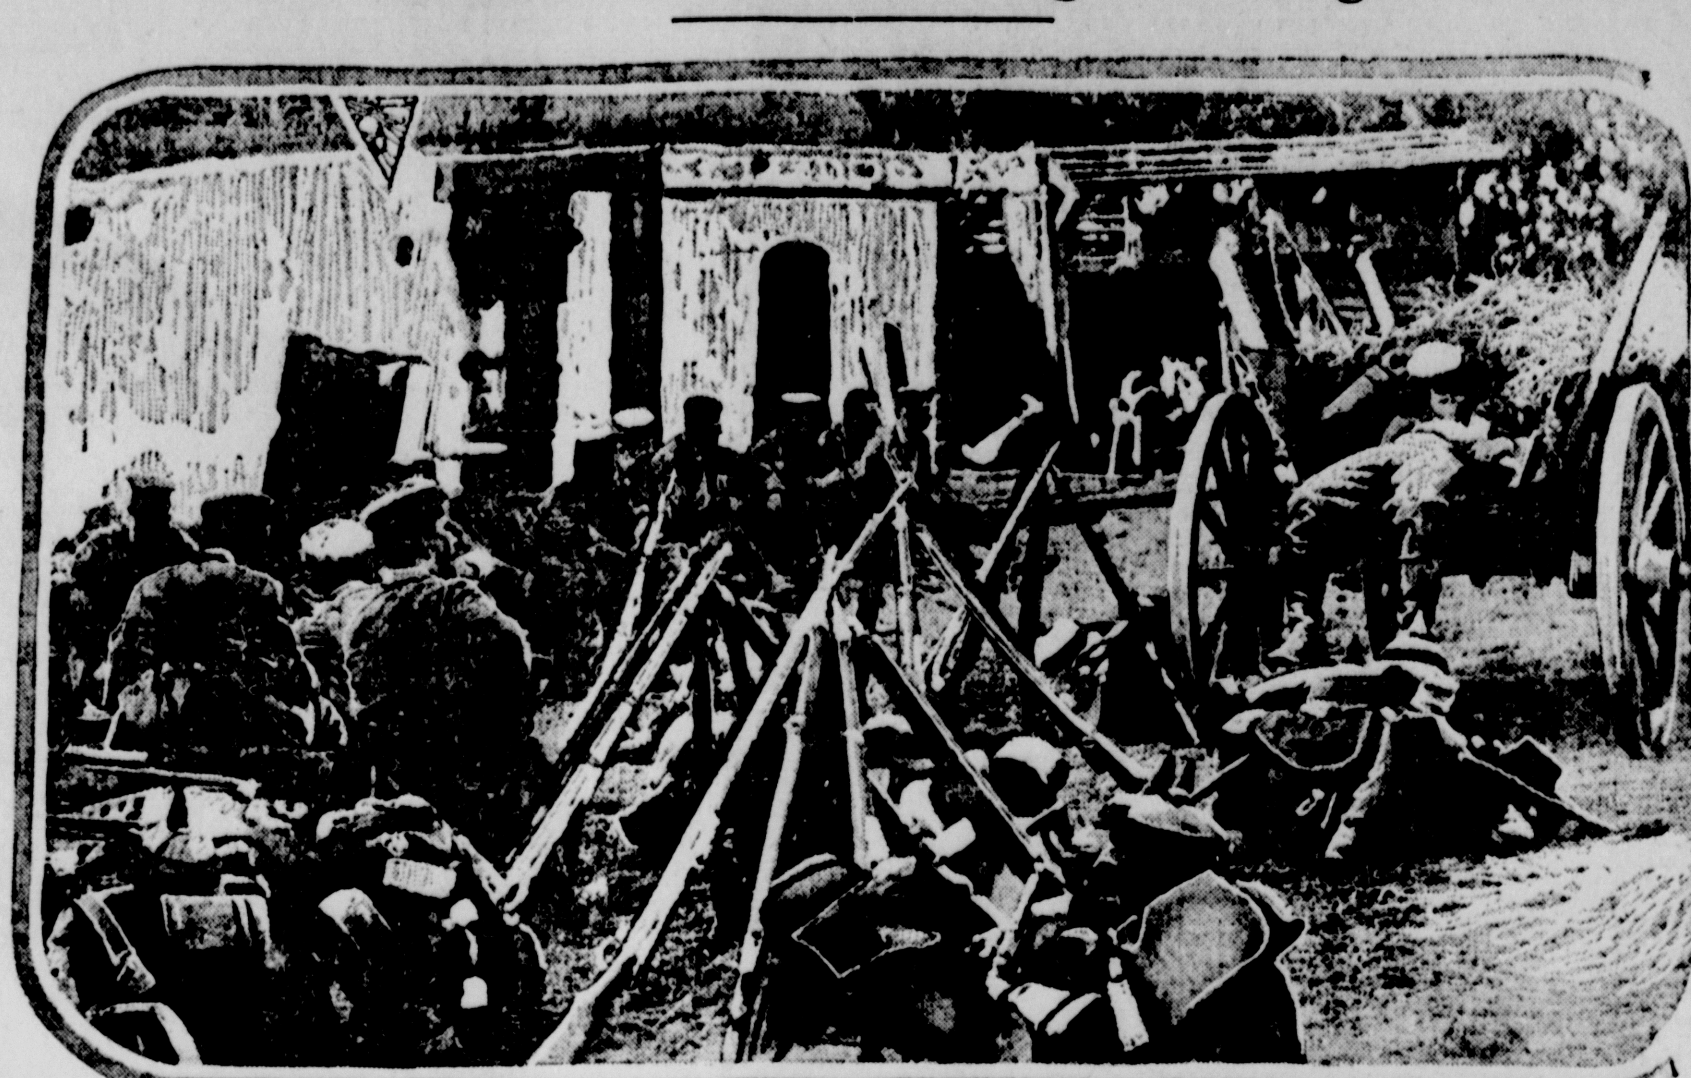

"The situation in Russia, Poland and western Galicia remains unchanged. In the Carpathians heavy battles are proceeding.

In the southern Bukovina our troops are progressing favorably and the Russians are in complete retreat. Twelve hundred prisoners and much material have been captured. In the afternoon

our troops entered Kimpolung and were acclaimed by the population.

"In the northern theater there is no change. In the Adriatic the attacks of our aviators on French transports met with success, many bombs were dropped.

"The resignation of the finance minister Vorhies, has been accepted. Former Premier von Kober succeeds to that office."

Offer Will Be Refused.

London, Feb. 7.—The owners of the cargo of the American steamer Willhelms, on the way from New York to Hamburg with food supplies for Germany, have intimated to the commission for the relief of Belgium that its offer for the purchase of the cargo will not be considered.

Anarchy in Albania.

London, Feb. 7.—The following note has been issued by the Montenegrin consular general in London:

"Cettigne complete anarchy reigns in Albania which is continually augmented by the intrigues of the Austrians and young Turks. Albanian bands kill and pillage all Montenegrin subjects who are obliged to traverse Albania territory. All the merchandise transported along the river Boyana is confiscated and held at enormous ransom despite the incontestable right of Montenegrin navigation of this river.

"The consular cabinet at Scutari is without authority over the Albanians, whose misdeeds against Montenegrin commerce grow daily."

Russians Take Prisoners.

Petrograd, Feb. 7.—The following announcement of the progress of the campaign was issued tonight:

"Notwithstanding the bending back of our troops in the Carpathians, to the south and in Bukovina, the fighting in which we are engaged is following a course favorable to us.

On February 4 we took about 1,000 prisoners. On the front it was revealed several hundred prisoners were engaged who up to that time had been fighting against the Serbs.

"One of our army corps which had assumed the offensive in the direction of Mazolobez captured between January 26 and February 5 eleven field cannons, two mounted guns, two mortars for torpedoes, twenty-two machine guns, an aeroplane, many army telephones, in addition to taking two commandants of regiments, more peace 170 officers and more than 1,000 soldiers among whom were many Hungarians."

Prayer for Peace in France.

Paris, Feb. 7.—The peace of Pope Benedict was read in all the churches of France today without special incident. The congregations everywhere were unusually large.

In view of the misunderstanding which led to the recent seizure by the police of the department of the Seine of pamphlets containing the text of the prayer, the priests officiating at the service today gave brief explanations of the motive of the gesture.

Cardinal Amette, presiding over the ceremony in Notre Dame cathedral, said:

"The pope in asking us to pray for peace and the ending of the war which is plunging the whole of Europe in misery means that prayers should implore a lasting peace, which the peace desires will not be signed until all the wrongs with which the war is razing is attended to. That can only be through victory of our arms and those of our allies."

Outbreak of Foot Disease.

Eldorado, Kans., Feb. 7.—What is believed to be a new outbreak of the foot and mouth disease was discovered today near Eldorado. The disease was found among 51 head of cattle recently purchased at the Wichita stock yards. The cattle were examined by Dr. Amos Gish, veterinarian, who declared they were afflicted with the foot and mouth disease. State federal officers were notified.

Eldorado is in Butler county, one of the four southern Kansas counties under federal quarantine for the disease.

Increase in Unemployment.

New York, Feb. 7.—There was an increase of about 8 per cent in unemployment in December, 1914, over the same period in 1913, according to a report today by sub-committees of the mayor's committee on unemployment.

About 200,000 more persons were without work in New York City in December last year than during the same period in 1913, it is said.

More than \$25,000 has been raised for a nucleus to be used in financing emergency workshops which have been established in various parts of the city.

An Early Start for Strawberries.

Strawberry plants, like fruit trees, should be set at the earliest possible moment in spring, says the horticulturist of the Valley Farmer. The variety selected should be one that has proved good in your locality. Let it be on a small scale. Remember, too, that the variety recommended for a good shipper is not the best for home use. Some of the most delicious berries are too soft to stand shipping but can not be excelled for home consumption.

ed artillery this afternoon to reinforce his infantry in an effort to drive Zapata's men out of Nochimilco, the source of the city's water supply.

Carranza's minister of education has announced that one hundred teachers will be sent to Boston to study the public school system and that all schools here will be closed until their return.

Oregon Makes Sharp Reply.

San Antonio, Texas, Feb. 7.—General Alvaro Obregon was the first to reply to the peace conference's message and he declines to entertain peace overtures from such a gathering and scores the conventionists in the following message:

"Mexico City, Feb. 7.

"Federico Gamboa, San Antonio, Texas:

"I have received the message which was sent inviting us in the name of a group of Mexican refugees there to our arms. Those who have the valor to offer blood for the republic do not put down their arms. We will not put down our arms while there yet have not disappeared from our sacred soil the traitors who sell to the reactionary party to strike our revolutionary principles. If each of you in place of being refugees in a foreign country would take a rifle and apply it for your party, your labor would more effectively and would have at least the honor of being called citizens."

Young Bride Arrested.

A bride of only two months, Mrs. Willie Smith, was arrested in Waco Saturday by Deputy Sheriff Lee Jenkins and the city marshal at Whitney, and taken to Whitney Saturday night to face a charge of burglary. Deputy Sheriff Jenkins said this was the first time in his experience as an officer that he had ever been called on to arrest a white woman on a burglary complaint.

Approximately \$100 worth of wearing apparel and two suit cases were taken from a store in Whitney, Tuesday night. It is claimed that Mrs. Smith was in the store that afternoon, that she said she was waiting for her uncle, and that the clerks had to ask her to leave at closing time. That night, a back window was broken into and the store looted.

It was something of a task to locate a "Mrs. Willie Smith," in Waco, but Mr. Jenkins finally found her at a hotel. Her husband was with her and he was wearing a suit, a shirt and 3 necktie, which the city marshal from Whitney identified as part of the stolen goods. One of the suit cases was in the trunk, and the other suit was in a box. The trunk and the box had been put up at the hotel office as security for the room rent.

Mrs. Smith is about 20 years old, has black hair and black eyes and is decidedly pretty. A short time ago, it is said, her grandmother gave her a farm in Whitney. She was raised in Whitney.

Evenly Placed Load Pulls Easier.

In loading a wagon place the load evenly over the front and hind wheels. If any difference is made it should be on the hind wheels. They are larger and do not sink in as deep as the smaller front wheels. The fact the load is farther from the team, says the Valley Farmer does not increase the draft on the wagon. When the team is hitched to something dragging on the ground, then the nearer the team is to the load the lighter the pull. The reason is that the nearer the team is the more the pull will be upward, thus helping to reduce the friction between the load and the ground.

A permanent memorial arch is to be erected in Erie, Pa., to honor Commodore Perry.

Anti-Saloon Forces Beginning to Gather for Convention Here

Delegates and visitors to the state Anti-Saloon League convention, to be held in Waco Tuesday and Wednesday of this week, are beginning to arrive, and indications are that there will be a large attendance. Much interest in the meeting is being manifested in every direction in the state.

A spirited fight is probable on the question of ratifying the constitution of the Anti-Saloon League of America, adopted some time ago. Under one provision of the new instrument, state Anti-Saloon Leagues are made departments of the national organization and this has aroused considerable opposition.

Former Governor George H. Hodges of Kansas, Rev. Sam Small of Atlanta, Ga., and Dr. P. A. Baker, superintendent of the Anti-Saloon League of America, are among the more prominent speakers who will address the convention. The sessions will be held in the auditorium of the First Baptist church.

"The Parish Priest."

Besse Dainty begins her second week at the new Cozy theatre tonight with a delightful comedy drama of everyday life entitled, "The Parish Priest." This is the play in which the late Daniel Sully starred so successfully for many years. It was written by Daniel Hart, who spent his life among the people he has written into his play, and the consequence is that the piece is rich in real humor and genuine touches of human nature. The play contains nothing whatever to offend the sentiments of any person no matter what their religious denomination. It takes for its central character the parish priest—a big, good-natured, and whole-souled man whose hands are full keeping the peace among his hot tempered parishioners. A young man, Doctor Welch, lately admitted to practice, and who feels a great debt of gratitude to a Doctor Caribby, who has helped him, becomes engaged to the old doctor's daughter shortly after the old doctor turned over his large practice to him. The girl does not love him, but accepts him because she has had a bitter quarrel with the young man she really loves. Doctor Welch, on the other hand, does not love the girl but considers it his duty to marry her because the old doctor wishes it. In fact, the engagement happens so late that the girl, the girl Welch has loved from childhood and who has loved him and expects to marry him, comes with her uncle, the priest, to congratulate him upon his admission to practice, unaware that he has just jilted her. The old priest learns of it and forces Welch to tell the girl before she hears it from the lips of others. He does so; and his treatment of the girl so enrages his brother that they come to blows. From this point forward the play turns upon the ingenious efforts of the priest to show the young people in which direction their happiness really lies—efforts which, in the end, result in making two young couples come to new and

QUEEN.

Ted Ewing, a young New Yorker, is the guardian of Nora Hildreth, with whom he is in love. He invests her fortune of \$50,000 and an equal amount of his own money (constituting almost his entire property) in a stock exchange speculation. When this speculation apparently fails he seeks to reimburse the girl by taking out a life insurance policy in her favor and then killing himself. But, as the policy has a clause invalidating it in case of suicide, he has to arrange an "accidental death" for himself, and to this end, enters into an arrangement with the chief of the S. S. S., a blackmailing society which has already threatened his life.

The humorous complications really begin when it develops that the money has not been lost but doubled, so that Ted, instead of wishing to die, has every reason imaginable for wishing to live. It is however, almost impossible to break his sworn pact with the S. S. S., and he is forced to pay for his death, refuses to divert the money from the one use to which it has been pledged.

The manner in which Ted manages to escape from his own plot, saving his own life, and the details of his romance with Nora form the concluding episodes of this highly amusing photodrama. Queen theatre today and Tuesday.

MARKETS

WEEKLY COTTON REVIEW.

New Orleans, Feb. 7.—Cotton made a moderate advance last week, closing at 12 points up. No great display of bullish sentiment was seen in futures and at no session of the week was trading large, but the market showed strength of its own accord from the record-breaking movement, the large mill takings, the better trade accounts centers and the good demand for spot cotton in the interior.

Total shipments for the week were 585,032 bales, the largest on record. Mill takings were 50,000 bales. Manchester cables that many mills had not been as busy in years, giving orders for raw material as the reason. In the belt buyers found it difficult to trade because of the firmness of holders while prices were comparatively higher than at the ports. On several days Dallas quoted middling at 8 cents, while the quotation at New Orleans was 8 1/2. This difference would not be the cost of transportation between the two markets.

This week the trade will watch very closely the export situation, not so much perhaps to see whether the demand for cotton is really what it was in recent political developments in Europe will have.

DRY GOODS MARKET.

New York, Feb. 7.—Cotton goods markets are holding firm with trade in the primary division more quiet than it was last month. Export trade is developing slowly, the far eastern markets being dull. Shipments of duck and other materials for war purposes continue steady. Late business for export is restricted by the inability to secure freight room in advance. Domestic brown and bleached cottons continue firm with an increasing tendency, wide sheetings, brown sheetings and bleached cottons having been advanced by some agents during the week. Fronts and summer distribution in moderate request with shipments steady on old orders. Print cloths and cottons are ruling steadily with trade moderate. Finishers, dyers and bleachers are more active. There is a slowly increasing movement in fine and fancy cottons for spring and summer distribution and new fall lines are being shown. The total business booked in January was the best that has been done in any month since early last spring. Prices rule as follows:

Print cloths, 28-inch, 64x64s, 2 1/2; 44x64s, 2 1/2; 54x64s, 2 1/2; 64x64s, 2 1/2; 74x64s, 2 1/2; 84x64s, 2 1/2; 94x64s, 2 1/2; 104x64s, 2 1/2; 114x64s, 2 1/2; 124x64s, 2 1/2; 134x64s, 2 1/2; 144x64s, 2 1/2; 154x64s, 2 1/2; 164x64s, 2 1/2; 174x64s, 2 1/2; 184x64s, 2 1/2; 194x64s, 2 1/2; 204x64s, 2 1/2; 214x64s, 2 1/2; 224x64s, 2 1/2; 234x64s, 2 1/2; 244x64s, 2 1/2; 254x64s, 2 1/2; 264x64s, 2 1/2; 274x64s, 2 1/2; MADE-IN-WACO GOODS DON'T SELL BECAUSE THEY ARE NOT ADVERTISED

The mistaken tendency of most manufacturers is to neglect the home market. The goods of foreign make are continually kept before the public by scientific publicity work. This accounts for the local trade calling for them and using them instead of the same line of goods made in Waco. The public is not much to blame in calling for goods they know about and have been using in preference to those made at home that they know nothing about, and in many cases are not on sale by the dealer. While local pride and self interest should prompt Waco buyers to use only goods manufactured in Waco as far as they can be obtained, at the same time, Waco manufacturers are overlooking their greatest opportunity in not pushing out for their home trade.

Hubbard City High Will Play at Waco Saturday Afternoon

Hubbard City high school will play Waco high school basketball team in Waco Saturday afternoon. The game will be played on the outdoor court at high school, if the weather permits, if not it will be played at the Y. M. C. A.

On the recent trip of the Waco Hi boys to Hubbard, when they defeated the hot well bunch 42 to 12, they received such excellent treatment at the hands of the people there that plans are being made to give the visitors to Waco a reception at the Y. M. C. A. The high school girls' basketball team will have charge of the arrangements for the reception.

FUNERAL OF MRS. M. C. BUCK.

Services Conducted From Late Residence by Two Ministers.

The funeral of Mrs. M. C. Buck, who died yesterday morning at 1:10 o'clock was held from the late residence, 1824 South Ninth street, yesterday afternoon at 3 o'clock. Rev. W. M. Melton, pastor of the Seventh and James street Baptist church and Rev. J. M. Dawson, pastor of the First Baptist church, officiated. Interment was made at Oakwood.

Besides the six children of the deceased, her brother, C. Q. Halbert, the only surviving member of that family, was at the bedside during her illness. Mr. Halbert lives at Wichita Falls. Mrs. Buck was a sister of Dr. O. I. Halbert of Waco, who died less than a year ago.

The pall bearers were: J. F. Rowe, J. C. Lattimore, W. H. Pool, T. H. Claypool, L. N. Odom and Dr. C. W. Davis.

CENTRAL CHRISTIAN AT BROOK AVENUE

TWO CONGREGATIONS FILL THE AUDITORIUM TO HEAR FIRST SERMONS.

SPECIAL MUSICAL PROGRAMS PERMIT TO CUT LUMBER

Choir Under Direction of Mrs. Grace Cutler Renders Unusually Good Feature.

Two congregations that filled the auditorium to overflowing were present at the first services in the new Central Christian church, held yesterday morning and last night. Dr. Frank N. Calvin, the pastor, preached in the morning, and the choir, under the direction of Mrs. Grace Cutler, rendered a special musical program. The church is located at the corner of Brook and Austin streets.

The new auditorium represents an expenditure of \$15,000. Practically everything is in place, except the new pipe organ, which it is hoped to install soon. This will account for \$3000 out of the aggregate amount. The entire amount of the church has been changed. The pulpit is at the front entrance, instead of at one side, as formerly. A handsome new organ has been purchased and new art glass windows and lighting system installed.

Over the pulpit is a handsome circular memorial window, from the church as a token of love and respect to the pastor, Dr. Calvin. Other memorial windows are in honor of Mrs. Moore, Mrs. Miller, J. W. Mann, M. Roberts and Mrs. Ann Sneed. They are of unusual beauty and add much to the attractiveness of the church. The choir loft and pulpit were decorated with a profusion of palms yesterday.

Seven men met and organized a men's class of the Bible school yesterday morning under the leadership of the pastor. Dr. Calvin read the dedicatory address yesterday morning. The church is a new building, and the first service was held yesterday morning.

The father and mother of the bride were as heartily surprised as were those of the groom, and all parties are charging a certain doctor, who thought he could take care of Earl in the absence of his father and mother, with a certain amount of conspiracy.

The groom needs no introduction to Amarillo. Here he has been reared and here he is known. Mr. Fuqua said today that Earl will begin business in the First National bank within the next few days.

Ad Club Will Meet on Thursday Night

Although members of the Waco Ad club are turning most of their attention to the convention of Associated Ad clubs of the state which meets in Waco Tuesday and Wednesday, plans for the regular meeting of the club will be held on Thursday night have not been overlooked.

A book on advertising, written by Frank L. Blanchard, a member of the educational committee of Associated Ad Clubs of the World will be discussed. The first chapter only will be taken up. J. E. Kuykendall will lead in the discussion.

REV. HARREL TALKS AT BROOK AVENUE

SUBJECT OF SERMON, "WHERE HE LOST IT," PROVES INTERESTING ONE.

WORK OF FIELD SECRETARY

Plan is to Develop Sunday School and Women's and Men's Organizations.

Contributions for the advancement of God's kingdom in the world is the last avenue of expenditure on which Christian people should retrench as the result of the economies enforced by the war, declared Rev. Edward H. Eckel, secretary of the southwestern province of the Episcopal church in an address at St. Paul's church yesterday morning. He is the first of a series of five speakers who will visit St. Paul's church and will speak on the work of the board of the church, and his address yesterday was purely informational, dealing with the new work that he has been assigned to do, and was not in the nature of a sermon.

The new work of secretary of the province has not been definitely outlined as yet, Mr. Eckel said, the secretary being left free to shape the work along whatever lines he feels is needed. His work will be more extensive than that formerly done by the departmental secretaries. He will be more of a field secretary of the board of missions of his church and will seek to develop the work of the Sunday school, the women's auxiliaries, the men's organizations, deliver addresses before various organizations in an effort to popularize the work of the church, and, finally, keep an eye on the apportionment made by the church. Six of the twelve dioceses in this province have their full apportionment the past year, while the Texas diocese went \$425 beyond the apportionment. St. Paul's church has set a pace which all the other churches should follow, he said, in that it had sought to give to the individual member of the church. This had been a lesson of inspiration to the whole province of the southwest, he said.

"Why be afraid of the war in making your contributions?" inquired the speaker. "I have been reading the reassuring business reports in the daily papers and I am sure there is no occasion for alarm. The spirit of depression is rapidly passing, and let us help to brighten things up. By all means let us not retrench on the things that promote the uplifting and extension of God's kingdom in the world. It were better that we let anything else suffer rather than this."

The province over which Mr. Eckel has supervision consists of Missouri, Kansas, Arkansas, Louisiana, Texas and New Mexico, an area of 660,000 square miles. In this territory are 600 parishes and missions. In this territory there are approximately 12,500,000 people but only 3,500,000 church members. Indicative of the lack of strength of the Episcopal church in New England, the speaker said that in New England there are on the communicant of the Episcopal church to every fifty-two persons, while in this province there is only one communicant approximately, to every 248 persons. Church members here have been slow to push the cause of the Master, he continued, and declared that the Christians were not doing their duty unless they sought zealously to carry the gospel to all sorts and conditions of men. As an evidence of the encouragement to prosecute mission work beyond the seas, Mr. Eckel pointed out the fact that China had become a republic, and though that form of government is still very crude there, it represents a recognition of the rights of the individual as involved in the principle of democracy embraced in the Christian religion.

The change from the departmental secretaries to that of provinces was a step toward greater efficiency in promoting the work of the church, Mr. Eckel said, the new organization fostering all departments of church work—religious education, missions and social service, a form that has worked well in England and elsewhere. There are twenty-four provinces in the Anglican communion, embracing all the English-speaking people holding membership in the Episcopal church, the organization being very similar he said to the system of regional banks now in operation in the United States. About 39,000,000 people are embraced in that communion, he said.

Last night he spoke again, elaborating somewhat upon the work in this province. The regular musical program which marks the first Sunday evening in each month at this church was given last night to a large and appreciative audience. The program was under the direction of Edward Bellamy, organist and choir director, while the soloists included Miss Sal-ke Keith, soprano, Miss Fern Thurman, contralto, John de Heck, tenor, and A. C. Upledger, bass.

White Man Arrested.

Following an alleged attempted assault on a 5-year-old girl yesterday at noon, a white man about 50 years old was arrested by Patrolman M. B. Owens in East Waco. He was placed in the county jail.

M. Lemons, a negro railroad porter was instrumental in capturing the man, following him from the North Fourth street school building to Elm and Archer in East Waco, there pointing him out to the officer.

Arrested on Murder Charge.

Cameron, Tex., Feb. 7.—Complaint was filed here today in the justice court against A. I. Ingram, in connection with the death of L. W. Ward Jr. on Jan. 23. Ingram was immediately arrested by Sheriff Hooks and placed in the county jail.

FIRST DISCUSSION OF SERIES OF FIVE

REV. EDWARD H. ECKEL MAKES TALK AT ST. PAUL'S EPISCOPAL CHURCH.

WORK OF FIELD SECRETARY

Plan is to Develop Sunday School and Women's and Men's Organizations.

Contributions for the advancement of God's kingdom in the world is the last avenue of expenditure on which Christian people should retrench as the result of the economies enforced by the war, declared Rev. Edward H. Eckel, secretary of the southwestern province of the Episcopal church in an address at St. Paul's church yesterday morning. He is the first of a series of five speakers who will visit St. Paul's church and will speak on the work of the board of the church, and his address yesterday was purely informational, dealing with the new work that he has been assigned to do, and was not in the nature of a sermon.

The new work of secretary of the province has not been definitely outlined as yet, Mr. Eckel said, the secretary being left free to shape the work along whatever lines he feels is needed. His work will be more extensive than that formerly done by the departmental secretaries. He will be more of a field secretary of the board of missions of his church and will seek to develop the work of the Sunday school, the women's auxiliaries, the men's organizations, deliver addresses before various organizations in an effort to popularize the work of the church, and, finally, keep an eye on the apportionment made by the church. Six of the twelve dioceses in this province have their full apportionment the past year, while the Texas diocese went \$425 beyond the apportionment. St. Paul's church has set a pace which all the other churches should follow, he said, in that it had sought to give to the individual member of the church. This had been a lesson of inspiration to the whole province of the southwest, he said.

"Why be afraid of the war in making your contributions?" inquired the speaker. "I have been reading the reassuring business reports in the daily papers and I am sure there is no occasion for alarm. The spirit of depression is rapidly passing, and let us help to brighten things up. By all means let us not retrench on the things that promote the uplifting and extension of God's kingdom in the world. It were better that we let anything else suffer rather than this."

The province over which Mr. Eckel has supervision consists of Missouri, Kansas, Arkansas, Louisiana, Texas and New Mexico, an area of 660,000 square miles. In this territory are 600 parishes and missions. In this territory there are approximately 12,500,000 people but only 3,500,000 church members. Indicative of the lack of strength of the Episcopal church in New England, the speaker said that in New England there are on the communicant of the Episcopal church to every fifty-two persons, while in this province there is only one communicant approximately, to every 248 persons. Church members here have been slow to push the cause of the Master, he continued, and declared that the Christians were not doing their duty unless they sought zealously to carry the gospel to all sorts and conditions of men. As an evidence of the encouragement to prosecute mission work beyond the seas, Mr. Eckel pointed out the fact that China had become a republic, and though that form of government is still very crude there, it represents a recognition of the rights of the individual as involved in the principle of democracy embraced in the Christian religion.

The change from the departmental secretaries to that of provinces was a step toward greater efficiency in promoting the work of the church, Mr. Eckel said, the new organization fostering all departments of church work—religious education, missions and social service, a form that has worked well in England and elsewhere. There are twenty-four provinces in the Anglican communion, embracing all the English-speaking people holding membership in the Episcopal church, the organization being very similar he said to the system of regional banks now in operation in the United States. About 39,000,000 people are embraced in that communion, he said.

Last night he spoke again, elaborating somewhat upon the work in this province. The regular musical program which marks the first Sunday evening in each month at this church was given last night to a large and appreciative audience. The program was under the direction of Edward Bellamy, organist and choir director, while the soloists included Miss Sal-ke Keith, soprano, Miss Fern Thurman, contralto, John de Heck, tenor, and A. C. Upledger, bass.

White Man Arrested.

Following an alleged attempted assault on a 5-year-old girl yesterday at noon, a white man about 50 years old was arrested by Patrolman M. B. Owens in East Waco. He was placed in the county jail.

M. Lemons, a negro railroad porter was instrumental in capturing the man, following him from the North Fourth street school building to Elm and Archer in East Waco, there pointing him out to the officer.
